CLIMB ON

Little Giant's patent-pending Hi-Viz Green

Wide-stance levelers adapt to uneven surfaces and increase side-tip stability by 600%*

Patent-pending Sure-Set™ feet stay where you want them

Patented Claw® fastening system clamps the ladder to an overhead anchor point or strand

Side-mounted double-pulley reduces force required to raise the ladder and remove potential tripping hazard.

The HyperLite™ SumoStance® is the only extension ladder in the world with Little Giant's patented SumoStance® wide-base levelers, which more than doubles the ladder's base width and increases side-tip stability by up to 600 percent. The SumoStance's intuitive safety features help ensure a safe, stable set-up for any job on almost any surface and is lighter than any other manufacturer's ordinary extension ladders.
